AI for all

Serve more patients with AI capabilities across all technology tiers.

The hearing aid reinvented

“With edge AI, Starkey delivers next-generation sound processing capability by harnessing the most advanced artificial intelligence technology possible in a modern hearing aid. Livio Edge AI provides instant benefits to patients in the most challenging listening environments. This pushes our industry-leading platform even further.”

Achin Bhowmik, Ph.D.

Chief Technology Officer and Executive Vice President of Engineering
